

### Return to Library Plan

The plan for returning the students to the much needed and loved school library is as follows:

1. Books will be put into a 72 hour quarantine rotation once check out has been resumed.
2. Books will be sanitized before placed on shelves according to ILA standards.
3. Jr. High students will be given a "menu" card to choose books of specific book titles, genres or non-fiction topics and I, the librarian, will make deliveries of requested books to classrooms.
4. I will visit the classrooms or designated outside spaces for library lessons, book talks and/or story times.
5. Students in 4th-8th grades will be taught and refreshed on how to utilize the schools e-book library checkout system and how to place holds through inter-library loans.
